

Above Surface Storage

1

To securely attach a storage unit to a worksurface, place a strip of double faced tape along the bottom edge of each end panel as shown. Do NOT remove the film backer to expose the adhesive (Figure A).

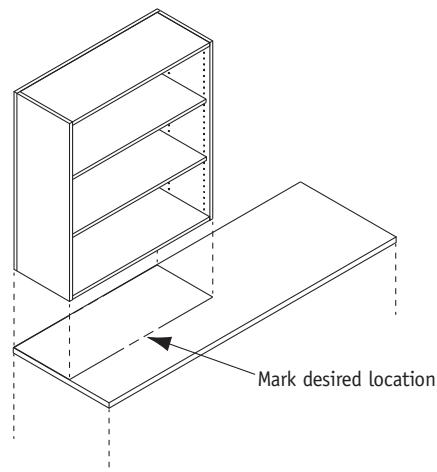

Figure A

2

Position the storage unit on top of the worksurface and mark its location. Remove the film backers from the double faced tape and adhere the unit to the worksurface. The worksurface must be clean, dry and free of any dirt or film to assure adequate adhesion.

Figure B

NOTE: The tape is a very strong adhesive and bonds instantly to the surface it is applied to.

Package Contents

- Double Faced Tape
- Storage Unit
