### Installing Carpet Grippers:

Install the carpet gripper by pressing the tab on the top of the carpet gripper into the hole on the bottom of the foot of the divider. Lift dividers to position into desired position. The “teeth” on the carpet gripper will grip into the carpet (Figure A).

**NOTE:** Either install the carpet gripper or hard floor gripper, not both. To change out the gripper, simply remove either the gripper and re-install using the alternative gripper instructions.

### Installing Hard Floor Grippers:

Install the hard floor gripper by removing the backing off the gripper. Place the sticky back of the gripper onto the bottom of the foot of the divider. Lift dividers into desired position. The non-skid surface of the hard floor gripper will now grip the surface of the floor (Figure B).

**NOTE:** Either install the carpet gripper or hard floor gripper, not both. To change out the gripper, simply remove either the gripper and re-install using the alternative gripper instructions.
