

1 To securely attach a Storage Unit to a Worksurface, place a strip of Double Sided Tape along the bottom edge of each end panel as shown. Do NOT remove the film backer to expose the adhesive (Figure A).

Figure A

2 Position the Storage Unit on top of the Worksurface and mark it's location. Remove the film backers from the Double Sided Tape and adhere the Unit to the Worksurface. The Worksurface MUST be clean, dry and free of any dirt or film to assure adequate adhesion (Figure B).

Figure B

CAUTION: The Tape is a very strong adhesive and bonds instantly to any surface it is applied to.
