

WE ARE NOT NEW TO THE INTERNATIONAL BUSINESS SCENE. WE HAVE NEARLY 5 YEARS OF EXPERIENCE WITHIN THE MIDDLE EAST AND NORTH AFRICA MARKET.

HISTORY

National has been a standout in the contract furniture market since it was formed in 1980. Our parent company, Kimball International, has broader name recognition in the Middle East and North Africa markets, so when addressing customers from that region, be sure to note that we are a unit of Kimball International.

PRODUCTS

National offers quality furniture with exceptional value. Our design-driven products are focused on today's working environments, and we continue to grow and introduce innovative solutions that create spaces where people want to be.

SERVICES

National is known for our attention to detail and personal services. These attributes extend across the globe, as our dedication and commitment to providing extraordinary experiences is second to none.

DEALER ROLES

Internationally, National partners with a wide variety of dealers. Those dealers function as general contractors and handle everything from building construction to lighting and electrical decisions. Furniture is not the only project they work on within a structure.

FREIGHT

Aligned with a freight forwarder, National can support delivery from our dock to the port of entry. To ensure there are no delays with customs, we are educated and experienced with the import requirements of each country and region. Because of our large network of contacts, we can also arrange installation support.

TRUSTED PARTNER TO MIDDLE EAST + NORTH AFRICA

Quality, reliability, safety, style, and affordability aren't concepts that are taken lightly at National. We are dedicated to delivering each of these to our customers and partners. By nurturing relationships and making it a priority to do the right thing, we continue to prove that we have the right solutions for worldwide customers.
