GENUINE STYLE. INVITING COMFORT.

THIS CONTEMPORARY COLLECTION OFFERS SUPERIOR DESIGN.

The low profile sit and curved seat of Mabel encase guests in comfort, commanding attention and delivering distinction. The low, mid, and high back lounge options deliver a spectrum of modern design opportunities. Expand comfort even further by utilizing the coordinating ottoman for remarkable relaxation. Pair Mabel lounge seating with the executive conference solution to outfit a space with complementary consistency.

REDEFINE BOUNDARIES. CREATE POSSIBILITIES.

The Mabel lounge collection offers distinct base styles, making it an unequivocal trendsetter. The wood high profile base gives Mabel an elegant pedestal to rest on. With a nod to classic details, the 4-leg wood base unifies traditional and ultra-modern. The polished high and low profile bases deliver cool style with two very distinct looks. This variety allows Mabel to be transformed into a showstopper for any space.

A FUSION OF DRAMA AND FUNCTION.

Mabel's executive conference seating solution offers mobility and comfort for collaborative spaces or an individual office. Its especially thin back profile and sweeping, curved seat combine to create a distinguished and alluring presence. The flex back provides support and slight reclinability while adapting to the motion of the user. Lock the tilt mechanism into any position and adjust the seat height for maximum ergonomic support. Mabel is a symphony of comfort and style.
