

# WE ARE ANEW. *doing what's right with what's left*<sup>®</sup>

WWW.ANEWFOUND.ORG (ASSET NETWORK FOR EDUCATION WORLDWIDE, INC.)

ANEW, is a national 501(c)(3) nonprofit organization dedicated to enriching the business communities of our client partners by matching their corporate surplus furniture and other items to nearby charities, public agencies and the underserved. ANEW educates through action by raising awareness about the issues regarding landfill and construction/demolition waste, the largest component of the waste stream. Our practice of surplus stewardship redirects these items from landfill back to the community sustainability; this alternative is cost competitive.

ANEW is doing what's right by extending the lifecycle of surplus items beginning with reuse, resale and repurposing; what's left is recycled to reduce waste. Metrics captured throughout our complete process are reviewed by an independent third party for verification prior to issuing close-out documents.

## WE STARTED THE MOVEMENT

'Surplus Stewardship' reinvents common liquidation practices

ANEW began in 2005 with a vision and mission to improve industry practice by applying a holistic approach of reuse, resale, repurposing, and recycling.

ANEW is called upon by experts in corporate real estate, architecture, design, building and by major companies throughout the U.S. to provide sustainable liquidation alternatives. Hundreds of tons of useable surplus goods and materials are redirected from landfill and given to encore to serve others.

ANEW has achieved LEED EBOM MRp2/MRc8 Solid Waste Management - Durable Goods, as a LEED BD+C (New Construction/Major Renovation) Innovation in Design (ID) credit for one (1) point.
